Imagine flashing three key terms, distributing a one-sheet handout and letting that worksheet engage, only meddling occasionally, and allowing learners of different and asymmetrical proficiencies to peer teach and peer learn language functions in a conversational setting! Come experience what your students go through, hands on, and then do it again and again. Will your students of various levels love this activity as much as they have in some Toronto classrooms? Welcome to Dictation Triptychs, brought to you by Joseph and Suman from MicroSkills LINC!

Presenters: Joseph Ng is a PTCT- & TESL-approved trainer & a LINC instructor, with an M.A. in English from the National University of Singapore.

Suman Jeoti is TESL, OCT, & CELTA certified and PTCT-trained, with an M.A. in English and a B.Ed.
